How you practice through E-Box

- Multiple Choice Questions
- Multiple Answer Questions
- Comprehensions
- Fill ups
- Match the following
- Short/Long Answer

NEET Exam is
No More a Tough Exam
to Clear or Score!!

Year 2020 was a fantastic year for TN Govt School Kids with over 400 students getting admissions to medical colleges. The highest number of admissions post introduction of All India NEET Exam. The Practice Oriented Approach, Live Mentoring, Curated Questions, Precision Tracking through Data Driven Processes and 99.99% uptime ensured the success of students who learnt through E-Box.

In follow up to this success, E-Box has introduced Low Cost NEET program for all students especially to benefit the middle and lower middle class students. So children need not pay in lakhs to get coached for NEET anymore. Just enroll your kids into E-Box NEET program Today and let them get ready to become Doctors soon.

Read what these future medicos from Tamil Nadu Govt Schools have to say about their experience on Clearing NEET through E-Box way of Learning.

Dhanushraj
Trichy

"It is true that I was under pressure due to this exam. I approached many teachers for this and E-Box was of great help to me. Ex-NEET students guided us. Their mobile phone numbers were shared with us. We were told that we could contact them at any time to clear doubts. They are all medical college students. When I heard of the challenges they overcame it motivated me. My dream is to become a heart surgeon."

Jahnvi Jaishankar
Thiruvanamalai

"This is my second attempt at the exam. I was a bit nervous at first but after this training i was confident. I was trained by well-experienced teachers. Previous students prepared live stream sessions and PPTs and helped us. Special mention about Krishnan whose training motivated me. My aim is to be a doctor or genetic scientist in the future. I will definitely become what I want to be."

Vellaiswamy
Trichy

This exam was very useful for government school students. We had training by teachers and previous year students. There was special attention given to time management. This was extremely useful at the time of the exam. There were special Whats App groups in which important questions were answered instantly. I had a fear of this exam but with the help of e-box I slowly overcame this fear. We were encouraged to prove that there is nothing that government school students cannot achieve. My aim is to be a cardiologist.

Ramya
Salem

Attempting the exam was new to me. I had not gone through any private training, the training given by e-box was sufficient for me. They gave us a lot of tests and many doubt-clearing sessions. Right from how to get the hall ticket to what was the dress code for the exam, they clarified all our doubts. Government school teachers and students who had written the NEET exam earlier trained us. I thank this organization which showed concern for the well-being of government school students.

A few companies where students we have trained are placed

We have successfully moulded over 10 lakh students from 100+ colleges and universities and we have a very strong alumni network across the globe
